SUMMARY

Motivated MCA student with a strong foundation in software development and information technology. Seeking a Software Engineering Internship to apply skills in JavaScript, Java and backend development. Passionate about building scalable applications and enhancing user experiences. Eager to collaborate with cross-functional teams and contribute to innovative solutions.

TECHNICAL SKILLS

Programming Languages: JavaScript, Java, Python, C++, SQL

Frameworks & Libraries: React, Next.js, Express.js, Socket.IO, JUnit 7, Redux Toolkit, Tailwind CSS, Bootstrap

Databases: MongoDB, MySQL, SQLite

Tools & Concepts: Git, Node.js, Razorpay, JDBC - Concepts: REST APIs, OOP, Data Structures & Algorithms.

PROJECTS

1. Full-Stack E-Commerce Website

- **Tech Stack:** React.js, Express.js, Razorpay, MongoDB, JWT, Bootstrap,
- Developed a full-stack e-commerce platform with user-friendly UI and secure payment processing
- Integrated Razorpay for secure payment handling and order management
- Implemented JWT-based authentication for user login and session management
- Optimized backend response time by 30% using indexing and efficient queries

2. Real-Time Chat Application

- **Tech Stack:** Socket.IO, React.js, Express.js, MongoDB
- Built a real-time chat application using Socket.IO for instant messaging
- Implemented user authentication, message encryption, and real-time notifications
- Handled concurrent connections efficiently, ensuring low latency

CERTIFICATE

Generative AI Certification (*Ongoing*) -

- **Certified by:** Accenture.
- Gaining hands-on experience in large language models, prompt engineering, and real-world GenAI applications
- Learning to build AI-driven solutions with ethical considerations and scalable architectures

EXPERIENCE

Tata Consultancy Services (TCS) | Software Engineer | (2022-2024) -

- Worked on large-scale SQL-based systems focusing on complex query optimization, data migration, and enterprise-level report generation.
- Collaborated with cross-functional teams to manage data pipelines, ensure database integrity, and support backend operations in live production environments.
- Gained hands-on experience with software development practices, version control systems (e.g., Git), and agile methodologies within large-scale IT ecosystems.

EDUCATION & OTHER

Master of Computer Applications (MCA) - Amity University Kolkata

Bachelor of Science (B.Sc.) in Physics - The university of Burdwan: 2022

LANGUAGES- Bengali, English, Hindi

SOFT SKILLS- Strong problem-solving and analytical thinking & Team collaboration and leadership
